Chungi No.6, Al-Ata Colony, Near Al-Barouni Ground, Multan

SUMMARY

As a Software Engineer at CruiseBrains, I create solutions that drive results for call tracking software. I use a wide range of web development technologies, including HTML, CSS, TailwindCSS, JavaScript, React Js, Alpine.js and the powerful Laravel framework with livewire. I also craft seamless user experiences and robust iOS application. I'm passionate about REST APIs and the innovative possibilities they offer in connecting.

EXPERIENCE

Software Developer

Cruise Brains

01/2023 - Present | Multan, Punjab, Pakistan · On-site

It's the firm which works on Call Tracking Softwares

- Software Engineer

Mobile Developer

Cruise Brains

10/2023 - Present | Garden Town, Near Cant, Multan

- I am writing that application in React Native. It's solo based project and it's the application of call tracking software.

Full Stack Developer

Cruise Brains

06/2024 - 06/2024 | Garden Town, Near Cant, Multan

- I design the application with Tailwind CSS and also made CRUD in that with Laravel.

Front End Developer

Cruise Brains

09/2023 - 10/2023 | Garden Town, Near Cant, Multan

- It's the first project of mine with React Js. I implemented the React Router DOM, light/dark mode also. It's the clone of Tailwind UI components. It's on Git but I don't upload to Netlify.

EDUCATION

Bachelor of Science - BS, Information Technology

Government College University, Faisalabad

09/2017 - 11/2021

Fsc Pre-Engineering

Punjab Group of Colleges

09/2015 - 10/2017

ACHIEVEMENTS

CallScaler Mobile Application

I learnt alot from that project but not much I think so. It build it from scratch and it's the solo based project which i write in React Native.

SKILLS

React Js

React Native

Alpine Js

Laravel

Tailwind CSS

Livewire

CERTIFICATION

Complete React and React Native course from Udemy.

Complete Laravel course from Laracasts.

PASSIONS

I want to explore the Tech World with new things and techniques.

PROJECTS

Unity Game

06/2020 - 08/2021

We develop the game in C# with Unity gaming engine. The game was like subway surfers.
